EDUCATION

Guru Nanak Dev Engineering College

BTech Electronics and Communication Engineering CGPA: 7.8

Course: DSA,OOPS,Computer Networks,CA,Analog Electronics,Mobile Communication,MySQL DBMS, Cloud Computing

Ludhiana,Punjab

2021 - 2025

B.B.N. College

Intermediate BSEB Percentage:78%

Course: Physics,Chemistry,Mathematics

Gopalganj, Bihar

2018-2020

Sahayogi High School

Class 10 BSEB Percentage:75%

Gopalganj , Bihar

2016-2018

TECHNICAL SKILLS

Languages: C, C++ , JAVA, DSA, HTML, CSS, Javascript

Tools: VS Code, MATLAB, OpenCV, Git, Github, LaTeX

Platforms: Web, Windows, Arduino, Raspberry, MongoDB(Database)

Framework and Libraries: ReactJs, Tailwind, Node.Js, Express.Js

Soft Skills: Leadership, Event Management, Attention to Detail, Public Speaking, Time Management

TRAINING/INTERNSHIP

Cursor Technology

Kolkata, West Bengal

June-July 2022

- I developed storyboards, user flows, and sitemaps to guide design progress on multiple projects using HTML,CSS,JS. I successfully debugged the web-related issues, leading to improved efficiency and performance I analyzed user research trends and suggested changes to existing design processes for better results. I make some clone projects of Razorpay and a e-commerce website.

National Institute of Electronics and Information Technology,NIELIT

Ministry of Electronics and Information Technology, GOI Patna

July - August 2023

- During my internship, I gained understanding of the basics VLSI Design with techniques essential to the Verilog programming Verification and Testing including Introduction to Verilog HDL and Hierarchical Modeling Concepts.

Codsoft

Web Development Intern

February-March 2024

- During my Full Stack Development internship in Codsoft,I learned HTML5 CSS,JS,React.Js,Node.js,Monogodb,Express.js. I developed a complete Edtech Website Project in which students can login,purchase courses and can study online on the website.

PROJECTS

- **StudyBuddy** : It is a educational website aimed to provide educational videos to students. Students login on the website and can purchase different courses.It is a online educational platform in which HTML,CSS,JS,REACT,MONGODB,NODE.JS etc.. is effectively used.
- **Password Generator**A password generator is a tool that generates a random combination of numbers, letters, and symbols to be used as a password. Password generators let you exclude or include certain characters, allowing you to customize the password complexity to your needs.
- **E-Commerce Website**: I have designed a e-commerce website in which customers can login and shop various products as per their requirement.React is mainly used in the project as the framework.

ACHIEVEMENTS

- Participated in Tech-Hackathon in PEC, Chandigarh.
- Got Selected for IIT Roorkee Virtual Lab Development Team
- District Topper in BSEB Class 10th.
- Organized APEX, GNDEC as Student Coordinator at an annual event of GNDEC.
- Got Scholarship from Alumni, GNDEC.
- District Level Champion of TARRANG-2016 in Poetry Writing.

EXTRACURRICULAR ACTIVITIES

- **NCC LEVEL B CERTIFICATE-**
- **Event Management Head** in Cosmic Club -
- **Member** in IT Club January 2024 -Present
